

LOUVERS LED

ACKNOWLEDGE

Louvers International has become more than a leader in lighting. We'd like to introduce our Acknowledge custom LED signs! We offer 1' x 4' or 2' x 4' custom sizes in a variety of standard colors. Don't see what you need? We can make your sign custom sized with your logo and create a custom lighting layout based on your needs. Here's how to get started:

Contact your Louvers LED representative for complete information.

E-mail us your logo. (AI and PS files are preferred, but if you don't have those, we can re-draw your logo from a .jpeg or .png)

Our graphic designer and CNC specialist work together to translate your artwork into a sign. Then, your LED lighting layout is added.

Your sign is packaged with care, and we will personally deliver it to you.

You and your custom sign live happily ever after.
