

**Short Specification:**

The Para Image™ Series is a full line of high quality parabolic louvers that creates an ambiance that is pleasant, productive and efficient. The Para Image™ Series products are available in a variety of colors and finishes that offer the design planner an opportunity to create “just the right touch.” The large cell louver, Para Image™ 9, is designed for applications with higher ceilings and a large amount of space between the fixtures.

**Applications:**

- Large Offices
- Retail Spaces
- Tall Corridors

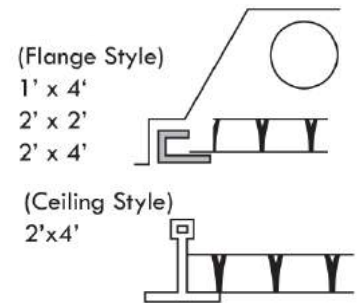

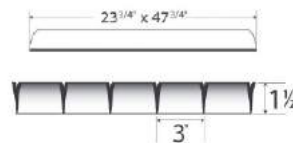

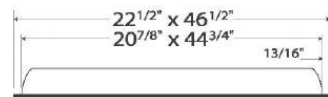

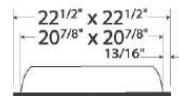

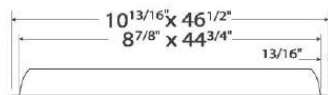

**Ordering Chart:**

SERIES	SIZE*	COLOR	STYLE & MATERIAL

Sample Part Number: LI-9-24-S

**Care & Handling:**

Great care should be exercised when handling specular materials, avoiding contact with oily and/or foreign substances. Always handle louver panels with clean white gloves – NEVER USE BARE HANDS. Always install these louvers after the space has been completed and is ready for occupancy – never during construction.

**Technical Data**
