

### Short Specification:

LouversLED's series of luminaires was designed and built with high performance, efficiency and cost-effectiveness in mind. LouversLED products provide higher efficacy, longer lifetime and more reliable lighting than other conventional lighting products. The Mustang Highbay is the perfect fixture for use in large buildings with open spaces where cost is the primary concern. But don't let the term "Economy" fool you. Yes, it's aggressively priced, but it's also solidly built and extremely efficient. The diffuser protects the LEDs and softens the light from them. Multiple hanging options and adders like sensors, cords, and battery backup make this the best fixture for many different jobs. This is not your typical LED highbay!

MODEL	DESCRIPTION	WATTS (Actual)	LUMENS	CCT	LxWxD Inches
MST-2-80-4K	2 ft. 80W Mustang LED Highbay	80 (76.36)	9,630.9	4K	23.8" x 12.6" x 3.78"

• Lumens and watts based on testing of 120/277V fixtures

\*Denotes custom order

### Applications:

- Gymnasiums
- Schools and universities
- Sports arenas
- Warehouses

### Features:

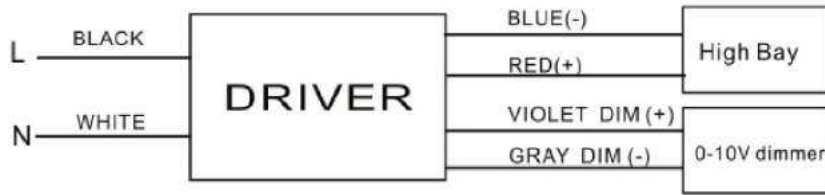

- UL listed
- Suitable for damp locations
- Glass-free
- Surface mount installation
- 100/277V or 347/480V
- >120 Lm/w
- CRI: >80
- 4,000K or 5,000K color temperatures
- Operating temp: -4 °F to +104 °F
- 0 to 10V dimming
- L70 of 50,000 hours
