

**Short Specification:**

The Louvers International line of globes comes with numerous options in order to be used in many different roles. Louvers International's line of Ruffian Street Light Globes offer six different styles to choose from and different styles to be used new or replacements for existing fixtures.

**Features:**

**Polycarbonate**

- Polycarbonate is a superior engineering plastic material for extreme requirements.
- UV stabilized to ensure a long life.
- Has high continuous working temp. of up to 257 °F (125 °C) even under extreme environmental conditions, allows the installation of lamps with a high wattage.
- Has high impact resistance and durability that remain even at subzero temps. (down to -40 °C)

**Acrylic**

- Acrylic is a material with unsurpassed resistance to weathering and aging.
- Has an exceptional brilliance which does not diminish even after prolonged use due to an optimum surface hardness.
- Acrylic lamp housings are highly competitive particularly with modern light sources where the maximum working temperature does not exceed 194 °F (90 °C).

**Options:**

Materials: Acrylic, Polycarbonate or Polyethylene

Colors: Clear or White

\*Not all options are available for all sizes. Please call for details.
